

- Comprehensive air purification
- Bi-Polar Ionization filtration
- Photo Catalytic Oxidation
- Scrubbers, chemical media

CAPTIVEAIRE

- PARAGON DOAS (RTU)
- **Ships in 3 weeks or less!**
- 8, 10, 12.5, 15, 20, 22, 30T
- Danfoss variable speed inverter scroll compressor. Less Noise!
- Fully modulating HGRH option
- Integrated controls, User friendly
- Easy maintenance/service
- National Service Network
- CAS-Link 24/7 Real Time Unit Monitoring standard
- Standard 5-yr parts
- 10-yr parts/labor warranty option

- Ceiling, floor, roof, mounted
- Wall hung systems
- Air or water cooled
- School-Aire classroom units

- Comprehensive chiller line
- Water, air-cooled DX units
- DOAS (RTU)
- Air handling units
- Computer room units
- Industrial refrigeration

- Leading global provider of UV and carbon technologies for surface and airstream disinfection
- Fight mold, bacteria, viruses and odors
- Keeps coil free of mold & microbial growth - No cleaning!
- Extends life of HVAC system
- Improved Indoor Air Quality
- Energy savings & reduced maintenance costs
- Neutralize odors & toxic VOCs (APCO)
- Chemical-free disinfection
- No harmful ozone
- Commercial and residential

- Hospitality, multifamily, senior living and school markets
- Award winning Variable Refrigerant Packaged Heat Pump (VRP) gives VRF performance and single package simplicity at a significantly lower price:
- Precision inverter technology
- Best in Class cooling
- True humidity control with optional Reheat coil
- Conditioned fresh air
- Superior, efficient heating
- Ductless split systems
- Industry leading Vertical Packaged Terminal AC units

- FreshAire PTAC units, fully integrated make-up air ASHRAE 62.1 compliance

- Indirect fired 100% MUA to 100% recirculating units
- Direct fired units
- Air rotation units

- Electric duct, cabinet, unit heaters and controls
- Explosion proof heaters

- Air Handling Units
- Modular, flexible, configurable
- 100% thermal break posts/panels
- Magnelis corrosion coating
- 10,000 Hr. salt spray rated
- Triple-sloped stainless steel drain pan and drain pipe
- Stainless CHW coil casing
- Slide-out chilled water coil
- Direct drive plenum fans

- Building management systems
- BACnet open digital controls
- KMC Commander (IoT)
- KMC Niagara
- KMDigital proprietary BMS
- Remote monitoring, control
- Industry leading security
- Actuators and valves
- Digital, electronic, pneumatic

- Oil-free chiller technology leader
- Water and air-cooled
- Quiet, low sound & vibration
- Energy savings up to 35%
- Maintenance savings up to 50%

- Packaged Cooling and Heating from JCI/York
- Packaged heat pumps
- Split systems
- DOAS
- Energy recovery ventilators
- Evaporator blowers
- Controls

- Fan coils
- Air handling units
- Air curtains

CLIMATE CONTROL SYSTEMS, INC. (CCSI)

710 MAPLE STREET
BIRMINGHAM, AL 35210
