

REPRESENTING PREMIER MANUFACTURERS SINCE 1985

	<ul style="list-style-type: none"> <li>Comprehensive air purification</li> <li>Bi-Polar Ionization</li> <li>Photo Catalytic Oxidation (PCO)</li> <li>Germicidal UV</li> </ul>	<ul style="list-style-type: none"> <li>Gas phase media</li> <li>Powered filtration</li> <li>Passive filtration</li> </ul>
	<ul style="list-style-type: none"> <li><b>PARAGON Dedicated Outdoor Air System</b></li> <li>Ships in 3 weeks or less</li> <li>Danfoss variable speed inverter scroll compressor, less noise!</li> <li>Fully modulating HGRH option</li> <li>Integrated controls, User friendly</li> </ul>	<ul style="list-style-type: none"> <li>Easy maintenance/service</li> <li>National Service Network</li> <li>CAS-Link 24/7 Real Time Unit Monitoring standard</li> <li>Standard 5-yr parts</li> <li>10-yr parts/labor warranty option</li> </ul>
	<ul style="list-style-type: none"> <li>Ceiling, floor, roof, mounted</li> <li>Wall hung systems</li> <li>Air or water cooled</li> </ul>	<ul style="list-style-type: none"> <li><b>SCHOOL AIRE</b></li> <li>Classroom units</li> </ul>
	<ul style="list-style-type: none"> <li>Comprehensive chiller line</li> <li>Water, air-cooled DX units</li> <li>DOAS (RTU)</li> </ul>	<ul style="list-style-type: none"> <li>Air handling units</li> <li>Computer room units</li> <li>Industrial refrigeration</li> </ul>
	<ul style="list-style-type: none"> <li>Leading global provider of UV and carbon technologies</li> <li>For surface and airstream disinfection</li> <li>Fight mold, bacteria, viruses and odors</li> <li>Keeps coil free of mold &amp; microbial growth - No cleaning!</li> <li>Extends life of HVAC system</li> <li>Improved Indoor Air Quality</li> </ul>	<ul style="list-style-type: none"> <li>Energy savings &amp; reduced maintenance costs</li> <li>Neutralize odors &amp; toxic VOCs (APCO)</li> <li>Chemical-free disinfection</li> <li>No harmful ozone</li> <li>Commercial and residential</li> </ul>
	<ul style="list-style-type: none"> <li>Hospitality, multifamily, senior living and school markets</li> <li><b>Variable Refrigerant Packaged Heat Pump (VRP)</b> gives VRF performance and single package simplicity at a significantly lower price:</li> <li>Precision inverter technology</li> <li>Best in Class cooling</li> <li>True humidity control with optional Reheat coil</li> </ul>	<ul style="list-style-type: none"> <li>Conditioned fresh air</li> <li>Superior, efficient heating</li> <li>Ductless split systems</li> <li>Industry leading Vertical Packaged Terminal AC units</li> <li><b>FreshAir PTAC units</b> fully integrated make-up air with ASHRAE 62.1 compliance</li> </ul>
	<ul style="list-style-type: none"> <li>Indirect fired and direct fired units</li> <li>100% MUA to 100% recirculating units</li> </ul>	<ul style="list-style-type: none"> <li>Air rotation units</li> <li>Electric, steam, hot water heat</li> </ul>
	<ul style="list-style-type: none"> <li>Electric duct, cabinet, unit heaters</li> <li>Explosion proof heaters</li> </ul>	<ul style="list-style-type: none"> <li>Controls</li> </ul>
	<ul style="list-style-type: none"> <li>Air Handling Units</li> <li>Modular, flexible, configurable</li> <li>100% thermal break posts/panels</li> <li>Magnelis corrosion coating</li> <li>10,000 Hr. salt spray rated</li> <li>Stainless CHW coil casing</li> </ul>	<ul style="list-style-type: none"> <li>Triple-sloped stainless steel drain pan and drain pipe</li> <li>Direct drive plenum fans</li> <li>Slide-out chilled water coil</li> <li>Easy maintenance</li> </ul>
	<ul style="list-style-type: none"> <li>Building management systems</li> <li>BACnet open digital controls</li> <li>KMC Commander (IoT)</li> <li>KMC Niagara</li> <li>KMDigital proprietary BMS</li> </ul>	<ul style="list-style-type: none"> <li>Remote monitoring, control</li> <li>Industry leading security</li> <li>Actuators and valves</li> <li>Digital, electronic, pneumatic</li> </ul>
	<ul style="list-style-type: none"> <li>Oil-free chiller technology leader</li> <li>Water and air-cooled</li> <li>Quiet, low sound &amp; vibration</li> </ul>	<ul style="list-style-type: none"> <li>Energy savings up to 35%</li> <li>Maintenance savings up to 50%</li> </ul>
	<ul style="list-style-type: none"> <li>Packaged cooling and heating from JCI/York</li> <li>Packaged heat pumps</li> <li>Split systems</li> <li>DOAS</li> </ul>	<ul style="list-style-type: none"> <li>Energy recovery ventilators</li> <li>Evaporator blowers</li> <li>Controls</li> </ul>
	<ul style="list-style-type: none"> <li>Fan coils</li> <li>Air handling units</li> </ul>	

Please contact us at (205) 956-9220, (844) 500-9220, or via email at insidesales@ccsi-se.com. Some of our manufacturers are market specific. Our primary sales market includes Alabama, Eastern Mississippi and NW Florida.

Please visit our website at [www.ccsi-se.com](http://www.ccsi-se.com) for additional information on our products and services.
