

REPRESENTING PREMIER MANUFACTURERS SINCE 1985

	<ul style="list-style-type: none"> • DESIGO OPTIC and DESIGO CC Open Building Management Software • DESIGO DXR BACnet and PXC modular controllers for high-performing building operation • DESIGO OPTIC enables integrators to work with multiple system protocols from a single, easy-to-use front end. Upgrade your building to the latest IoT technology and system protocols and improve your building efficiency • BEST-IN-CLASS USER INTERFACE • Non-proprietary, completely expandable to include HVAC, lighting, security, life safety 	<ul style="list-style-type: none"> • Non-proprietary, completely expandable to include HVAC, lighting, security, life safety • Deliver comfort, safety and energy efficiency with a global leader • Optimize efficiency and comfort with a completely open building management system that makes integration easier and faster • Actuators and valves • Variable frequency drives • Power meters • Gamma lighting controls
	<ul style="list-style-type: none"> • VARIABLE REFRIGERANT PACKAGED Heat Pump (VRP) Unit VRF performance and single package simplicity at a significantly lower price • Hospitality, K-12, Multifamily, Senior Living • .7,1T,2T,3T sizes available • Precision inverter technology • Best in Class cooling • True humidity control; optional HGRH coil • Conditioned fresh air • Superior, efficient heating • Better aesthetics 	<ul style="list-style-type: none"> • Huge savings on installation costs – less piping, electrical, roof structure • Better aesthetics, no units on roof or outside • VERTICAL Package Terminal AC Unit (VTAC), industry leader • FRESH Aire PTAC Unit fully integrated make-up air with ASHRAE 62.1 compliance • Ductless split systems
	<ul style="list-style-type: none"> • Maximize Comfort and Savings with industry award-winning Verdant Smart Thermostats • Reduce energy costs, quick payback • Easy installation-wireless plug and play • Unrivaled HVAC compatibility • ESG compliance 	<ul style="list-style-type: none"> • Lifetime customer support • Trusted and Installed by Thousands of Hotels, Schools, Senior Residences, and Other Commercial Properties
	<ul style="list-style-type: none"> • PARAGON Dedicated Outdoor Air System • Typically ships in 3 weeks or less • Danfoss variable speed inverter scroll compressor, less noise! • Fully modulating HGRH option • Integrated controls, User friendly 	<ul style="list-style-type: none"> • Easy maintenance/service • National Service Network • CAS-Link 24/7 Real Time Unit Monitoring standard • Standard 5-yr parts • 10-yr parts/labor warranty option
	<ul style="list-style-type: none"> • Leading global provider of UV and carbon technologies for surface/airstream disinfection, improved indoor air quality • Fight mold, bacteria, viruses and odors • Keeps coil free of mold & microbial growth • Saves cleaning time! • Extends life of HVAC system 	<ul style="list-style-type: none"> • Energy savings & reduced maintenance costs • Neutralize odors & toxic VOCs (APCO) • Chemical-free disinfection • No harmful ozone • Commercial and residential
	<ul style="list-style-type: none"> • Industry leading electric duct, cabinet, unit heaters • Explosion proof heaters 	<ul style="list-style-type: none"> • Controls
	<ul style="list-style-type: none"> • Over 100 different models of specialty AC units for critical mission environments with sensitive temperature and humidity needs 	<ul style="list-style-type: none"> • Data centers, network facilities, computer rooms, and other applications

Some of our manufacturers are market specific. Please contact us at service@ccsi-se.com or visit our website at www.ccsi-se.com for additional information
